Annual Report of Library

The annual report of the North Platte public library for the year ending May 31, 1914 was submitted to the city council at their meeting Tuesday evening. This report shows a prosperous year and that the people have been taking advantage of the opportunities afforded by the public library.

There are now 3040 volumes in the library and of this number 1682 were loaned by the Y. M. C. A. after its close. The number of borrowers on the list is 1849 and the average monthly circulation is 1200. The visitors record for the last two months averaged 425 per month, which is a fair average for the year.

The expenses for the year were very light on account of the expenditure for books being cut down with the loan of the Y. M. C. A. books. The income of the library is barely enough to meet expenses and the same amount that was levied last year was asked for this year. With more funds the library could do much more extensive work, but no increase was asked.

The financial report shows a total expenditure of \$1423.13 and a balance of \$402.13 on hand as against \$514.01 at the beginning of the year. The total receipts for the year were \$1825.37.

The monthly report for May showed a decrease in circulation, for the entire month. Only 900 books were loaned of which 601 were adult books and 299 were children's books. About fifty new volumes were added during the month and since the closing of school the circulation is picking up.

Bar Association at Sidney

Attorneys W. V. Hoagland, J. J. Halligan, Rolfe Halligan, M. E. Crosby and Judge H. M. Grimes returned yesterday morning from Sidney where they attended the meeting of the Western Nebraska Bar Association which held Tuesday and Wednesday. They report a profitable meeting and a fine time. Most of towns in the thirteenth and seventeenth judicial districts were represented at the meeting and nearly all the Lexington bar attended.

Judge H. M. Grimes was president of the association and Rolfe Halligan of this city was treasurer last year. A number of fine addresses were given and among the speakers were J. J. Halligan, Judge Grimes and M. E. Crosby of this city. Also Hon. C. A. Murray of Denver, and old class mate of Judge Grimes, gave a nice address. The Sidney commercial club took the visiting attorneys for an auto ride around town and the county and out to the lakes. Wednesday evening the festivities were wound up with a banquet at the Pacific hotel with Judge Grimes as toastmaster.

Officers for the coming year were elected and J. J. Halligan was elected one of the vice-presidents and Rolfe Halligan was re-elected treasurer. A resolution was also passed endorsing a constitutional amendment providing for a court of appeals for this state.

The high school senior class play was presented Wednesday evening at the Keith theatre to a full house and was much enjoyed by the audience. All the students carried their parts well and the play went off without a hitch. Paul Ottenstein as Prosper Couramont and Miss Louise Welborn as Suzanne de Rushville, who carried the leading parts, were exceptionally worthy of mention. Their parts were difficult and they carried them off in a commendable manner. Tyrone Winkleman as Madamselle Zenobie Breze carried her part well and Edward Thompson as Professor Breze, Arthur Barraclough as Anatole, Nannine Iddings as Matilda and Gladys Hall as Baroness de la Glaciere were also good. Jack Hubbard as Baron de la Glaciere showed considerable talent and was well suited to his part.

A. B. Hoagland finished auditing the county books Wednesday afternoon for the delinquent taxes prior to the year 1900. He found the amount due the county for delinquent taxes prior to that year is \$138,929.61. The taxes for the years amounted to only \$43,247.89 and the interest amounted to \$98,981.72. This amount alone would build a new court house and leave enough of a balance to pay the county's share of the Lincoln Highway bridge.

A. B. Yates, of Sutherland, who was in town Wednesday, says wheat in the section south of that town is in good condition, generally speaking, though rain is needed. In some fields where the work was improperly done the wheat is beginning to "fire." The acreage of fall wheat south of here and Sutherland is very large.

Next Sunday will be observed as memorial Sunday by the A. O. U. W. lodge and all members are requested meet at the K. P. hall at one o'clock in the afternoon and proceed to the cemetery where the graves of departed members will be strewn with flowers.

He Could Not Understand It

Most people think Jones is a "crank." We think he is properly particular. He is particularly particular about his collars and yet he is honest and fair. He came in Monday and said "What new stunt have you got on your collar work? My tie slips through this last lot as if they were greased and the fit and finish is simply great." Then we showed him this new machine—the Prosperity Collar Moulder which we have recently installed.

It Moulds the Collar Under Steam Pressure.

No Gas, No Friction, No Sharp Edges.

Step in and see it or phone us to call for a bundle so you can be as pleased as Jones. Do it now!

The Wednesday morning Omaha Bee contained an interesting article dated at North Platte giving an account of the baseball game here Sunday between this city and Stapleton. We do not know exactly who sent in the communication, but we suspect it was not sent in from this city. Whoever sent it in got the facts mixed up considerably for some reason or another.
